Item #	Proposal Text	Proponent	Mgmt Rec	Vote Instruction	Vote Rationale
1	Report on Charitable Contributions	Share Holder	Against	Against	The company currently provides shareholders with sufficient information to evaluate their use of funds for charitable contributions, including: goals, general approach, and the top 27 organizations in the previous fiscal year it contributed to. As such, producing an additional report would be duplicative and would not enhance shareholder's ability to assess the company in this area.
